

ST. JOHN SANITARY DISTRICT MEETING AGENDA
ST. JOHN MUNICIPAL BUILDING MAIN MEETING ROOM
10955 W. 93RD AVENUE, ST. JOHN, INDIANA
JUNE 21, 2022 – 6:00 P.M.

1. Call to Order
2. Pledge of Allegiance
3. Roll Call
4. Approval of Minutes: **May 17, 2022 Regular Meeting**
5. New Business

**A. US-41 150 LF POTABLE WATER MAIN / 150 LF SANITARY FORCE MAIN
TEMPORARY ABANDONMENT, REMOVAL & REPLACEMENT: DECLARATION OF
EMERGENCY**

Sanitary District declaration that the required 12-inch diameter water main and 12-inch diameter sanitary force main sewer temporary abandonment, removal and replacement at the US-41/St. John Ditch crossing is a Public Works emergency per IC 36-1-12-9. The justifying reasons for emergency declaration are as follows:

- i. Temporary or permanent shut down of the 12-inch water main in the project area will create restraints on critical US-41 water transmission mains within the water distribution network, subjecting significant portions of the Town, including residential and commercial property owners within the community, to the risk of reduced fire flow protection and domestic potable water service which threatens the health, welfare and safety of the general public.
- ii. Temporary or permanent shut down of the 12-inch sanitary force main in the project area will create restraints on a critical US-41 Lift Station No.1 sewage transmission sewer main within the sewer system, subjecting significant portions of the Town, including residential and commercial property owners within the community, to the risk of sewer service disruptions and lift station capacity reductions which threaten the health, welfare and safety of the general public.
- iii. This project is the result of an unforeseen condition resulting from a conflict with State highway construction activities caused by the replacement of a box culvert in this project area. Ongoing US-41 State highway construction improvements threaten to rupture the water main and sanitary force main pipe lengths in this project area.
- iv. Significant risk that additional disruptions due ruptures, or State-mandated water main shutdowns to permit ongoing roadwork, will occur.

**B. US-41 150 LF POTABLE WATER MAIN / 150 LF SANITARY FORCE MAIN
TEMPORARY ABANDONMENT, REMOVAL & REPLACEMENT: INVITATION TO
QUOTE ON EMERGENCY BASIS**

Sanitary District, administered through the Town Engineer Haas & Associates, LLC, authorizes solicitation of construction quotes for the temporary abandonment, removal and replacement of 150 LF of 12-inch diameter water main and 150 LF of 12-inch diameter sanitary force main sewer at the US-41/St. John Ditch crossing. As time is of the essence for this work, quotes for this project will be sought under an emergency basis, per IC 36-1-12-9, from a minimum of two (2) Contractors, specifically Gough, Inc. and Grimmer Construction, Inc., known to deal in the public construction work required to be performed.

C. Consider Sewer Credits:

• Biederwolf, Kristie & Scott	8284 W. 105 th Avenue	\$258.87
• Brock, Stacey	8300 W. 102 nd Avenue	\$10.35
• Garcia, Jose	10470 Brookhaven	\$166.77
• Gromala, Linda	8390 Larkspur Terrace	\$123.17
• Gross, Mark	13300 Red Lily Way	\$107.91
• Jawroski, Bruce	10628 Brookhaven	\$92.65
• Karlin, Kenneth & Jo Ann	8739 Manor House Drive	\$20.16
• Kuhn,Joan & Daniel	13360 Camas Drive	\$120.44
• Patton, Lucas	10566 Talus Drive	\$264.86
• Repac, Vladimir	13417 Camas Drive	\$130.25
• Spisak, Richard	10686 Brookhaven	\$74.12
• Walker, Randall	8342 Larkspur Terrace	\$69.76

6. Reports and Correspondence

A. Project updates

7. Payment of Bills

A. Sanitary District Dockets

B. Wastewater Dockets

8. Public Comment

9. Adjournment
